Additional Frequently Asked Questions

A complete list of FAQ's can be found at <http://www.skicastle.ca/cat-skiing/>

Q: What is your cancellation policy?

A: Cancellations outside 30 days prior to trip date, will be completely refunded less a \$25 administration fee per seat.

Cancellations within 30 days are non-refundable. In the event that you are unable to attend, your option would be to transfer your seat to another person. Written notice (email) is required of any changes along with complete contact information for the new guest.

If the Powder Stagecoach is unable to run due to weather, or other unforeseen circumstances, an alternative date will be offered or a full refund will be provided.

Once your reservation has been accepted, changes to your date are not permitted.

Q: What is the terrain like?

A: Wide open bowls, trees, gullies, wind lips; we've got it all! If you've skied or ridden Advanced or Expert terrain on the main mountains at Castle before, then you shouldn't be worried about your skill level. Our cat skiing area is a bit mellower than areas such as Sheriff or the Chutes, in terms of pitch, but it's often where you'll find the best (and most) snow at the resort.

You'll find no mandatory cliff drops or chutes within the cat-ski terrain which means that competent, advanced level skiers and above will have a great time. **Experience skiing powder and variable, off-piste conditions is expected.**

Q: Do I need to bring my own Avalanche Gear?

A: We supply all the avalanche gear you need and it's included in the price. An Ortovox backpack, probe, shovel & transceiver will be waiting for you at check in. If you would like use your own equipment please bring it with you to check in with full batteries and show it to our hosts to approve use.

Q: How many runs should I expect? / Do you guarantee a certain number of runs?

A: We guarantee a minimum of 5 runs / day but, more often than not, our groups are enjoying 6 to 8 laps of our cat-skiing terrain.

If your group falls short of 5 runs, a 20% refund will be offered for every run short of 5. **Should you choose to end your day early, and your group continues on (illness / injury, arrive late, equipment malfunction, tiredness, etc.), a refund will not be available.**
